

**The Thermage® system** is a non-invasive radiofrequency (RF) therapy that can help smooth, tighten and contour skin for an overall younger-looking appearance. One quick treatment (30 to 90 minutes depending on the treatment area) can deliver outstanding results for most patients to treat wrinkles and loose skin on the face, around the eyes and on the body. Measurable results appear gradually in the two to six months following a single treatment session and can last up to 1-2 years depending on your skin condition and aging process.

**Thermage® FLX** 第五代热玛吉系统（凤凰电波）是一种非侵入性的射频疗法，能够帮助平滑和紧致皮肤，达到抗衰年轻化的效果。一次快速的治疗（根据治疗部位需要30至90分钟）可以为大多数患者带来出色的效果，用于治疗面部、眼部周围和身体上的皱纹和松弛皮肤。可测量的结果会逐渐出现在单次治疗后的两到六个月，并根据您的皮肤状况和衰老过程可持续1-2年。
